

## **ABOUT US**

### **Management Method Improving Promotion Society (NPO)**

#### **Our Mission**

To be useful for the companies (mainly small and medium enterprises) to revitalize them and push up them to the higher level.

#### **Organization**

Our society has special relationship with “Japan Society for the Promotion of Machine Industry” to assist the business area of the Industry—University—Government Cooperation.

We have 18 consultants for each management field written below.

All of members had worked at big companies for long years and had wide experiences for management activities.

#### **Promotion area for management method**

—To assist :

- Management planning and analysis on the results for reflect next planning financial control and to raise capital
- New products development (program management) and to get the funds for new products development
- Quality assurance management system (company-wide quality assurance)
- ISO management
- Patent control
- Personnel management
- Information management system
- Overseas operations and joint with foreign company

#### **How to promote the mission**

We have three steps to achieve our mission mentioned below.

—Step 1

- Hearing customers’ requirements
- Visiting sites to be improved and to focus on problems obstructing operations

—Step 2

- Making a contract with a customer to proceed with this step
- Making an improvement plan
- Starting improving activities to solve the problems

—Step 3

- To put a brake to prevent a recurrence of solved problems
